Dear Ms. Torres,

I write in support of the proposed East County Aquatics Center, to be located on the campus of Granite Hills High School.

It is incredibly important that the youth of our community have these types of facilities in order to enhance their physical and mental well-being. This new facility will also serve the needs of older citizens and those in our community that are disabled.

This project will provide our community with a valuable asset. Thank you for the opportunity to support this wonderful project.

Sincerely,
